Organisational Structure and Focus	
Does your organisation operate a membership?	Yes
How many members do you currently have? (if applicable)	45 active full members and 75 affiliations of HSSS (mainly old members)
Legal Status (What kind of organisation are you? E.g. Charity)	Non-Profit Scientific Society
Does your organisation have a Board of Directors?	Yes: 11 ELECTED MEMBERS.
Primary Focus	APPLIED SYSTEMICS: Established in 2003, the Hellenic Society for Systemic Studies (HSSS) is a non-profit scientific organization dedicated to advancing and disseminating Systemic Studies. Its primary objective is to develop theoretical systemic approaches that can be applied across various traditional knowledge domains. This is achieved through the utilization and advancement of internationally recognized methodologies, including multimethodologies. HSSS aims to foster the expertise of Systemic Analysts in Greece, contributing to their presence in universities, the banking sector, organizations, and business enterprises. The HSSS enhances scientific unity by fostering improved communication among specialists.
Other Themes/Areas of Focus	Professional Systemics I & II, Systemic Operations and Applications, Professional Systemic Applications, Project Management, Digital Transformation and Business Innovation.
Geographic Scope of organisation	Greece and Abroad
Keywords	
Theme for year (if applicable)	Systemic Digital Transformation in Contemporary Business Ecosystems

Organisational Activities (please provide details for any of the following activities that your organisation is involved in)	
Conferences/colloquiums/symposiums: if this is an activity for your organisation please let us know: a) How frequently do you host conferences/colloquiums/symposiums? b) Is there somewhere we can find out more about any conferences/colloquiums/symposiums you organise? c) any other information that may be helpful for us to know?	https://conf.hsss.eu . Annually, HSSS Organizes a National & International Conference featuring Keynote Addresses, Workshops, Professional Panels, Round Table discussions, and a Digital Poster Session. To date, we've successfully organized 19 of these conferences, with approximately 2000 papers presented throughout this series. HSSS Past Conferences: https://conf.hsss.eu/hsss-past-conferences/ HSSS Conferences' Posters: https://conf.hsss.eu/wp-content/uploads/2023/10/HSSS_POSTERS_low.pdf
Education/training/workshops/seminars: if this is an activity for your organisation please let us know: a) How frequently do you host these activities? b) Is there somewhere we can find out more about any of these activities that you organise? c) any other information that may be helpful for us to know?	CERTIFIED SYSTEMIC ANALYST PROFESSIONAL (CSAP). CSAP Mastering Program at the University of Piraeus, Greece. www.csap.gr . We have certified 186 professionals. HSSS is the External Certification Body. An additional objective is to accredit businesses employing CSAP professionals who proficiently implement systemic methodologies and associated software. Each year, we host numerous open (free) online evening lectures on systemics, lasting 1 to 2 hours. We are delighted to observe the significant influence this initiative has on the Greek audience, with most attendees hailing from the business sector. On average, each open lecture garners a turnout of approximately 100 to 250 participants.
Collaboration/Convening: if this is an activity for your organisation please let us know: a) What kind of collaborative activities do you organise? e.g. working groups b) Is there somewhere we can find out more about any of these activities that you organise? c) any other information that may be helpful for us to know?	Annually, the HSSS National & International Conference is conducted in partnership with a Greek university department specializing in the same field of study and research. Graduates of the CSAP Mastering Program have the opportunity to seek a Professional License for Business Consulting, provided by the Administrative Chamber of Greece (ACG). The CSAP Mastering Program is officially recognized and accredited by the Greek Ministry of Governance. Furthermore, it provides Public employees with professional credits to support their professional development in the area of public administration.
Academic Journal: if this is an activity for your organisation please let us know: a) What is the name of the journal? b) Is there somewhere we can find out more information? c) any other information that may be helpful for us to know?	International Journal of Applied Systemic Studies (IJASS) https://www.inderscience.com/home.php?code=ijass
Other Publications: if this is an activity for your organisation please let us know: a) What other publications does your organisation organise/publish? b) Is there somewhere we can find out more information? c) any other information that may be helpful for us to know?	NEW EUS-HSSS BOOK PROPOSAL: Systemic Technologies for Business Excellence. https://conf.hsss.eu/new-eus-book-proposal/
Research/policy (think tank): if this is an activity for your organisation please let us know: a) What kind of research or policy work is your organisation involved in? b) Is there somewhere we can find out more information? c) any other information that may be helpful for us to know?	Currently, 10 HSSS members are actively pursuing their PhD at the University of Piraeus, while a number of students enrolled in the CSAP Mastering Program are in the process of preparing their Certification Projects, conducting research using systemic methodologies and associated software.
Consultancy: if this is an activity for your organisation please let us know: a) What kind of consultancy work is your organisation involved in? b) any other information that may be helpful for us to know?	A considerable portion of HSSS members boasts extensive expertise and hands-on experience in actively participating in diverse projects across the public and private sectors. They are highly skilled and proficient in the application of systemic methodologies, contributing their valuable knowledge and problem-solving capabilities to these projects. Their involvement ranges from large-scale governmental initiatives to innovative private sector ventures, where they employ systemic approaches to enhance efficiency, optimize processes, and drive sustainable growth. These HSSS members play a pivotal role in bridging the gap between theoretical knowledge and practical, real-world applications, making a tangible impact on a wide spectrum of projects and organizations.
Awards: if this is an activity for your organisation please let us know: a) What kind of awards does your organisation offer? b) Is there somewhere we can find out more information? c) any other information that may be helpful for us to know?
